International Technology Law

What does the ITL curriculum look like?

All ITL students have to follow these three courses:

Technology Law (12 ECTS)

Legal Methodology (6 ECTS)

Big Data, Human Rights and Human Security (6 ECTS)

As well as that, they have to choose one of these three courses:

Bioethics, Technology and Law (6 ECTS)

European Consumer Law in a Digital Society (6 ECTS)

Law and Governance of Outer Space Technologies (6 ECTS)

And also, they have to choose one of these three courses.

Blockchain and Other Disruptive Business-tech Challenges to the Law (6 ECTS)

International Weapons Law (6 ECTS)

Law and Ethics on Robots and Artificial Intelligence (6 ECTS)

Then, they have to write a thesis (12 ECTS). You can find out more about that here:

Master's Thesis Law

Finally, they have 12 ECTS free choice, which they use to take two more electives, or one elective and an internship. The electives can be chosen from the lists above, or from any of the other elective masters courses offered by the law faculty.
