Introduction

In order to obtain an entry visa (MVV) and/or residence permit (VVR), students need to demonstrate that they have sufficient funds to cover their costs of living and tuition fees while in the Netherlands. You are required to prove that you have access to **at least €1000 per month** to cover your living expenses for the entire duration of your enrolment. In addition to this, you also need to show proof that you are able to pay for your **tuition fees**. As an Exchange student you are only required to provide proof for your living expenses, but as a Bachelor's, Master's and Pre-Master's student you also need to prove that you can pay for your tuition fees.

What is the amount of money that I need to prove?

The amount of money that you need to have access to depends on the type of your enrolment. If you come as an Exchange student for the first semester (September - January) you need to prove that you have at least €1000 x 5 months = €5.000. If you come as Exchange student for the second semester (February - August) you need to prove that you have at least €1000 x 7 months = €7.000. If you are a Bachelor's or Master's student you will need to prove that you have at least €1000 x 12 months = €12.000 for one academic year (September – August). In addition to this, you also need to show proof that you are able to pay for your tuition fees. Please check the overview below for the exact amounts that you need to have access to for the proof of financial means.

Type of student	Minimum amount required for proof of financial means
Exchange student first semester (1 September – 31 January)	€5.000
Exchange student second semester (1 February – 31 August)	€7.000
Exchange student one academic year (1 September - 31 August)	€12.000
Bachelor's student	€12.000 + <u>tuition fees for one year</u>
Master's student	€12.000 + <u>tuition fees for one year</u>
Pre-Master's student	€12.000 + <u>tuition fees for one year</u>

How do I prove that I have enough money?

There are 6 acceptable forms of proof of financial means and you can also combine all or several options. **It is very important though that the documents of the option(s) you choose meet all the requirements**, because otherwise we have to reject them. Below you will find detailed requirements. **Please read them carefully before you upload anything in VisaCare.**

1. Proof of your own financial means

If you choose this option, you need to provide a bank declaration. As stated above you need to show that you have at least €1000 x months (depending on your academic admission, see explanation above) and tuition fees, if applicable. The following requirements **must** be adhered to:

- The bank declaration is on official paper with the logo of the bank
- The bank declaration is in English OR translated into English by an official certified translator
- The bank declaration is signed and stamped by a bank representative
- The bank declaration is recent, i.e. it has been issued within the last two months

- The bank declaration shows that the account is a current, regular savings, or checking account **OR** the bank declaration mentions that there is no restriction on withdrawal. N.B. investment accounts or (fixed/time) deposits are not acceptable!
- The bank declaration is in your own name (if it is a joint account or the account has multiple account holders, then we also need the documents listed under option 2 sponsorship by an individual residing outside the Netherlands)
- The account number is stated clearly and in its entirety
- The bank declaration contains specific contact details of the bank representative: address, e-mail and phone number (or a business card with contact details)
- The currency must be stated
- The account balance must be clear and must meet the minimum requirement

Please make sure that the bank declaration you have checks all requirements above. **We will reject the bank declaration if not all requirements are met!** Often banks are unwilling to issue a statement that includes everything we need, but it is most certainly possible for them to give you the statement that includes all the above. **Please be persistent with your bank and do not accept a bank declaration that does not meet all of the requirements!**

Common problems with proof of financial means:

- Insufficient funds. Please make sure that the balance in your account meets the requirements mentioned above under “What is the amount of money that I need to prove?”.
- Contact details are missing. We really need detailed contact information of your bank so we can verify the information.
- Account number. We can only accept account numbers in their entirety. Please do not block your account number or make sure that the entire account number of the account is shown, even when this is not common in your home country.
- The bank declaration is not signed and stamped. We can only accept a signature and a stamp, so even when your bank is unwilling to do it **please know that they absolutely CAN do it. So be persistent and make sure you get the signature and stamp.**
- The bank declaration does not mention that there is no restriction on withdrawal while the account is not specified as a current, regular savings, or checking account. We absolutely need this sentence!

2. Proof of sponsorship by an individual residing outside the Netherlands

If you are sponsored by someone outside the Netherlands, you need to provide:

- Copy passport sponsor(s).
- Bank declaration (see requirements under 1).
- [Financial Statement](#) (for each bank account holder one when it concerns a shared/joint account). Please note that the dates in this financial statement must correspond with the dates of your formal enrolment (see dates for academic semesters/year). **Even if you leave before the end date of the semester or academic year, the dates on the Sponsor Statement have to match the dates of the academic semester(s) or year!**

3. Proof of sponsorship by an individual residing inside the Netherlands

When you have a sponsor who already resides in the Netherlands, other documents apply than under option 2. It depends on their employment situation which documents you must submit. Please consult this [website of the IND](#) to check whether your sponsor meets the financial requirement.

A) In case your sponsor is in paid employment, you need to provide the following documents:

- [Financial Statement](#)
- Recent copy of the original extract from the municipality (BRP) of your sponsor (issued no longer than 3 months ago)
- Recent copy of the employers' certificate of your sponsor (*werkgeversverklaring*) (issued no longer than 3 months ago)
- Copy of the employment contract of your sponsor (*arbeidscontract*)
- Proof of income; i.e. 3 most recent pay slips

B) In case your sponsor has their own company/is self-employed, you need to provide the following documents:

- [Financial Statement](#)
- Copy of the original extract from the municipality (BRP) of your sponsor (issued no longer than 3 months ago)
- Copy of an extract of the Commercial Register of the Chamber of Commerce (issued no longer than 3 months ago)

If you have been awarded a scholarship, you need to provide a scholarship award letter. Please make sure that the scholarship award letter contains the following information:

- The scholarship award letter states the exact amount of the loan
- The dates meet the dates of the academic year

Please make sure that the letter or form is signed and stamped by the organization and that the dates correspond with the enrolment dates at VU Amsterdam. These dates will be the start and end dates of your residence permit. Dates for the academic year 2022-2023:

- **1 September 2022 to 31 January 2023** - first semester
- **1 February 2023 to 31 August 2023** - second semester

5. Proof of Study Loan

Please be aware that this option is **only applicable to US, UK and Canadian students**.

Should you use a study loan to prove that you have sufficient funds, then please provide us with a loan award letter containing the following information:

N.B. if you are a US loans applicant, you will receive the loan award letter from VU Amsterdam's Financial Aid Office (usloanprogram.dsz@vu.nl).

6. Transfer the proof of financial means to VU Amsterdam

This option is obligatory to students from China. Other students can use this options when it is difficult to obtain a bank declaration that meets the strict requirements set by the Dutch Immigration Service (IND). Please transfer the funds to cover the living expenses and tuition fees for the duration of your stay (up to a maximum of 12 months) to VU Amsterdam. As stated above you need to show that you have at least €1000 x months (depending on your academic admission, see explanation above). Transferring the proof of financial means to us helps to ensure that your visa application will be processed quickly and efficiently. VU Amsterdam will transfer the money to your Dutch bank account as soon as you have arrived in Amsterdam and opened a Dutch bank account. **Please note though that it can take a few weeks before the refund is actually processed!** So think carefully before you choose this option.
