Subject: Letter of appeal to the Examination Appeals Board

Dear [Name],

In your appeal dated 9 April 2009, you ask the Examination Appeals Board to issue a ruling on the examination board's refusal to provide you with references (letters of recommendation).

The legislation governing the education sector in the Netherlands makes no mention of any obligation to provide references. Nor is such an obligation customary among universities in the Netherlands.

Since no legal obligation applies in this case, there are no grounds for appeal. However, you are entitled to submit a complaint on this matter to the Faculty Board.

In light of the above, I declare your appeal to be inadmissible.

A copy of this letter will be sent to the Examination Board Theology.

Yours sincerely,

Was getekend,

Prof. mr. L.H. van den Heuvel
Chairperson of the Examination Appeals Board
