| | Completion of the MSc Accounting & Control gives admission to the postgraduate programmes for Registeraccountant and Registercontroller, regardless of your electives chosen in the bachelor and the master. However, you may then have to take certain electives as deficiency courses during your postgraduate studies. To optimize your study progress, consult the postgraduate programme of your choice at an early stage for advice on choice of electives during the bachelor and master. | Completion of the MSc Accounting & Control gives admission to the postgraduate programmes for Registeraccountant and Registercontroller, regardless of your electives chosen in the bachelor and the master.
